Vietnam Reply

25X1 The attached landed on my desk at 1328. I have called all affected Agency offices (DDI, the Watch, FE,) The Watch said they had just been queried by State which had yet to receive a reply to its flash message of this morning (the one mentioned in our outgoing).

I have also called and passed the word to Habib, Ben Read's Office, Walt Rostow, and Frank Hand for McNamara. For the time being, at least, this non-fire seems well under control.
